

Dear FFC Member,

Thanks for your willingness to give a little of your time via the clubrooms roster to help the club prosper.

See the roster below. Please note the date and time of your duty.

There will invariably be situations where you will be unable to serve on that day or in the time slot allocated. **We ask that you undertake to ensure a substitute can take your place** by swapping duties with someone, maybe someone due to serve about that date and time slot. One way to make this easier is to maybe “buddy-up” with others in advance so it’s easy to ensure coverage.

Time to allow? The morning duty runs from 9.00 am until 1.00 pm, the afternoon from 1.00 pm until possibly 6.00 pm in summer, probably 5.00 pm in winter.

A wet/windy no-fly day, or no instructors available? Please come to the clubhouse unless you get a phone call from the duty instructor that he or she has made the call that there will be no activity.

Duties? A comprehensive guide sheet is available in the clubhouse for reference, but in general the role is to provide a friendly face to visitors, ensure everything is safe and secure, and generally support the instructor(s) right through to putting aircraft away and lockup at the end of the day.
